In terms of performance, GSL ENERGY products are also top-notch. For example, the GSL-BESS50kVA200kWh energy storage system provides a maximum DC rated power ...

This product is a 200kW/480kWh industrial and commercial integrated energy storage cabinet utilizing Lithium Iron Phosphate (LFP) battery cells.

We have established two separate production lines for special containers, one is for container body welding and the other is for inner decoration.

Constructed within robust shipping container enclosures, our energy storage systems are designed to withstand the elements. Protected from harsh weather conditions, our units are ...

Ideal for use in renewable power plants. Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging situations. It can work in island mode, as a hybrid ...

Discover our 200kw solar containers, perfect for energy storage and industrial applications. Durable, efficient, and reliable solutions for your needs.

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and ...

Our specially developed container solutions provide optimal protection and efficiency for gensets and engines in extreme offshore and onshore environments.
