A hydropower project that works like a giant water battery, storing enough energy to power 50,000 homes during cyclone season. That's exactly what the Port Vila Front River ...

As Pacific nations accelerate their transition to clean energy, the Port Vila Energy Storage Power Station emerges as a landmark project for Vanuatu.

Without proper energy storage tanks, those shiny new solar panels become useless at sunset. In 2025 alone, an estimated 18% of generated renewable energy went unutilized across Vanuatu ...

It comprises solar photovoltaic plants (5 MWp) with a battery energy storage system (BESS) (11.5 MW/6.75 MWh), owned by the Government, and operated and maintained by UNELCO, the ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

A tropical paradise where coconut trees sway and massive energy storage tanks hum quietly in the background. Welcome to Port Vila, where a large energy storage tank isn't ...

Vanuatu outdoor solar energy storage dedicated battery cell installation. The project consists of 5MWp solar photovoltaic (PV) plants with a 11.5 MW/6.75 MWh centralised ...

In Port Vila and Tanna, a partnership with New Zealand's Ministry of Foreign Affairs and Trade (MFAT) is delivering solar PV and battery storage systems, including a ...
