What is a sunsynk 5kW AC Ecco 6.5kWp inverter?

The SunSynk 5kW AC ECCO 6.5kWp Inverter is the next generation of super hybrid inverter with a 6500W MPPT and a rated AC output of 5kW resulting in a system that can generate sufficient energy in Winter months to offset usage and charge a connected battery. The inverter boasts additional features such as;

What is a sunsynk hybrid inverter?

Reduce your electricity costs by managing power from various energy sources, including solar panels, batteries, the national electricity grid, a generator or even a wind turbine - all with a Sunsynk Hybrid Inverter. It's ideal for home and business and scalable so that you can expand it as required.

How long does a sunsynk inverter last?

If done later than this, the battery will be registered separately at 10 years, and the inverter maintains a 5 year warranty. Installations with Sunsynk products now need to be registered here to gain full activation of the warranty.

The 5000W Solar Hybrid Inverter is a versatile 5KVA 48VDC pure sine wave inverter with MPPT solar charge controller, designed for household and computer use.
