What kind of batteries are available in Canada?

Canadian battery supplier offering superior sealed lead-acid, lithium iron phosphate and lead carbon batteries. Battery experts specializing in energy solutions are available to help you find the best batteries for your project. State of the art battery equipment is used to manufacture batteries for consistent quality and fast production.

Where can I buy battery charging cabinets?

Get your battery charging cabinets from the leading fabricator in the Pacific Northwest and Western Canada. Depend on Wesgar to eliminate supply chain delays and deliver quality cabinets--from small to extra-large. Our cabinets are safe, weather and fire-resistant, and designed for indoor and outdoor use.

Is CANBAT a good battery company?

Canbat is a socially responsible battery company with green initiatives of battery recycling and footprints of community support in Canada and around the world. We have worked with over 5 AGM battery manufacturers from around the world, and nobody does it better than Canbat. They have the best VRLA batteries!

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.
