A Chinese consortium, Sinotswana Green Energy, is building a 100MW solar plant in Jwaneng, one of Botswana's diamond mining towns some 170 kilometers west of the ...

A Chinese consortium, Sinotswana Green Energy, is building a 100MW solar plant in Jwaneng, one of Botswana's diamond mining ...

On July 25, 2024, the PPA agreement for the Jwaneng 100MW photovoltaic power station investment project in Botswana was signed at the Botswana Power Authority.

The solar plant will be built by a consortium of Chinese and Botswana companies and is expected to deliver electricity by the end of 2025.

The power station is under development by a consortium comprising two Chinese companies and one Botswana IPP. The shareholders in the business formed a special purpose vehicle (SPV) ...

Scheduled for completion in 2026, the solar plant will become Botswana's second utility-scale renewable energy facility. The consortium ...
