-----

Our factory-packaged containerized generator sets are designed to address these challenges comprehensively. They offer a reduced footprint, improved ease of transportation and ...

Multiple power output configurations are available in 50Hz, from 2,000kVA to 2,750kVA (2 MW to 2.75 MW). Fully integrated CentumTMForce containers can protect the generator set from ...

Shop advanced 2mw container generators that deliver dependable functionalities to achieve impressive efficiency rates. These systems provide durable performance at cost-effective rates ...

Spirit 2MW is highly reliability and fuel-flexible with low lifecycle costs. The "Plug-n-Play" package feature enables easy transportation and reduces installation time and costs.

Simply put, dual packs are two parallel generators in one ISO container: Two 500 kW generators could be paralleled to achieve a 1000 kW output, or ...

Simply put, dual packs are two parallel generators in one ISO container: Two 500 kW generators could be paralleled to achieve a 1000 kW output, or two 625 kW generators to achieve 1250 ...

These systems integrate a high-performance generator within a specially designed container, providing a complete power generation solution that can be easily transported and deployed.

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up ...
