As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

Unlock energy independence and maximize ROI with the Cooli Smart 100kW/215kWh Air-Cooled Energy Storage Cabinet. Engineered for ...

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO₄ battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via ...

The 100kWh Hybrid Energy Storage System is a fully integrated, outdoor-ready commercial energy storage system built for scalability, safety, and efficiency.

The production line is located in Yichun City, Jiangxi province, the "lithium capital" of Asia. We focus on designing and producing home energy storage batteries, as well as industrial and ...

The 100kWh lithium battery energy storage cabinet offers high efficiency, flexibility, scalability, and reliable performance. The ingress protection rate of the 100 kilowatt hour battery is IP45, we ...

This advanced system integrates a 100KW Power Conversion System (PCS) with a robust 215KWH Lithium Iron Phosphate (LiFePo₄) battery, ensuring reliable and efficient energy ...

Unlock energy independence and maximize ROI with the Cooli Smart 100kW/215kWh Air-Cooled Energy Storage Cabinet. Engineered for commercial and industrial resilience, this high-density ...
