Where can I find information about a hydrogen fueling station?

Existing and planned hydrogen fueling stations in the U.S. are available to view on a map or download as a spreadsheet from the Alternative Fuels Data Center. The site includes information regarding location, accessibility, hours of operation, and payment method.

How do I find a number of hydrogen stations?

Roll over a state on the map for count of hydrogen stations. To map hydrogen stations near a specific address or city, use the Alternative Fueling Station Locator. For station counts and historical information, see Station Counts by State. Find maps and charts showing transportation data and trends related to alternative fuels and vehicles.

How many hydrogen fuel stations are there in the US?

Use our free hydrogen fuel station locator to check real-time availability and see the limited network for yourself. Only 52 hydrogen stations remain in the US. Get current information about station availability, reliability challenges, Shell's exit, and the reality for hydrogen vehicle owners.

Does h2stations provide information on the availability of a hydrogen station?

H2stations.org does not provide information on the current availability of a hydrogen station, but does provide a global overview of the existing, planned and completed infrastructure. If you wish to submit station data and/or images, please supply such according to this template and send it to webmaster@h2stations.org.
