Can you buy a shipping container home in Los Angeles?

Yes, it is possible to buy and build a shipping container home in L.A. In fact, California is one of the states allowing shipping containers to be renovated into livable spaces -- provided that the project meets state building and zoning codes.

How much does solar cost in Los Angeles?

With the rebate and incentive programs available to residents of Los Angeles, it is now easier than ever to save money installing solar, which typically costs around \$16,500 for a 5.6-kilowatt installation if purchased outright.

Where can I buy new and used shipping & storage containers?

Boxhub supplies new and used shipping and storage containers in Los Angeles and across the United States. Our online platform is designed to help individuals and businesses find new shipping, storage, and living solutions that fit their lifestyles and budgets. We work with customers from Chicago to San Antonio and everywhere in between.

What types of shipping containers do you sell?

We sell all standard-sized shipping containers in three distinct condition categories: one-trip, cargo-worthy, and wind & watertight. These units have spent an average of 12 to 18 years at sea -- and, in some cases, for longer periods of time.

Choose from a selection of available shipping containers in Los Angeles in your preferred size and condition, and we'll ensure you receive your shipment on time and on-site.
