Does Kosovo have a mobile phone network?

ARKEP's data indicates mobile telephone penetration in Kosovo covers 100 percent of inhabited zones and 94 percent of Kosovo's territory. Kosovo's telecommunications sector is one of the least expensive in the region and has similar quality voice services in comparison with other providers in the region.

Can MTS Doo extend a telecommunications network in Kosovo?

Kosovo's Regulatory Authority of Electronic and Postal Communications, ARKEP, told BIRN that MTS DOO "has a temporary and limited authorisation to extend the infrastructure issued by ARKEP, based on the Telecommunications Agreement, and offers services only in certain areas where the Serbian community lives, and mainly in the north of the country".

How many telecommunication companies are there in Kosovo?

Kosovo has a total of three telecommunications companies, but none of them can function properly throughout the country's territory due to the ongoing conflict with Serbia. Western Balkan Ministers for Telecommunications signing the agreement in Belgrade to gradually remove all roaming costs in the region.

What is the Telecommunications Agreement between Kosovo and Serbia?

The Telecommunications Agreement referred to by ARKEP was first signed by Kosovo and Serbia in Brussels in 2013 as part of their EU-mediated dialogue to normalise relations, followed by an action plan on telecommunications that was signed in 2015. MTS however "has no right to expand/extend the mobile phone network", ARKEP told BIRN.
