Who will build the Hyundai energy storage system (ESS) in 2022?

By September 2022, the parties plan to install the energy storage system (ESS), developed by Hyundai Motor Group. OCI Solar Power will procure certain ESS components and supervise construction while CPS Energy will operate the ESS. All three parties will work to build the ESS and then analyze and share data from the project.

Will Hyundai build a new battery plant in Georgia?

(Richard Burkhardt/Savannah Morning News via AP, File) ATLANTA (AP) -- Hyundai Motor Group and LG Energy Solution announced Thursday they will build a \$4.3 billion electric battery plant as part of Hyundai's new electric vehicle assembly plant in southeast Georgia. The companies will split the investment, starting production as soon as late 2025.

Where will Hyundai Motor Group build a new electric vehicle factory?

The factory would be on the site of the new electric vehicle assembly plant that Hyundai Motor Group is building near Savannah. The companies will split the investment, starting production as early as late 2025. (Richard Burkhardt/Savannah Morning News via AP, File)
