Which is the best solar AC in India?

Our first pick on this list of the best Solar AC in India is this particular air conditioner from Godrej. The Godrej brand has been synonymous with most Indian households for decades, so you know you're getting a decent product. Coming to the specifications, the AC supports a tonnage of 1.5 tons, making it perfect for medium to larger-sized rooms.

Are solar air conditioners a good investment in India?

With India experiencing intense summers and rising electricity costs, the demand for solar air conditioners (ACs) is on the rise. Solar ACs are an eco-friendly and cost-effective alternative to traditional air conditioners, powered by the sun's renewable energy.

Does India offer subsidies for solar air conditioners?

The Indian government offers subsidies to encourage the adoption of renewable energy. For solar air conditioners, subsidies can cover a significant portion of the system cost, depending on the AC capacity, solar setup, and state policies.

Why should you switch to a solar AC in India?

Switching to a solar AC in India has multiple benefits, particularly due to the country's sunny climate and rising energy costs. Here are key reasons to consider solar AC: Energy Savings: Solar ACs reduce dependence on electricity from the grid, leading to significant savings on monthly power bills.
