Is Almaty a good place to get solar power?

Almaty, Kazakhstan, located at latitude 43.2433 and longitude 76.8646, exhibits a strong potential for solar photovoltaic (PV) power generation due to its geographical location. The city experiences significant sunlight hours throughout the year which allows for substantial energy production from solar panels.

Are there incentives for businesses to install solar energy in Kazakhstan?

Yes, there are incentives for businesses wanting to install solar energy in Kazakhstan. The government of Kazakhstan has implemented a number of policies and programs to promote the use of renewable energy sources, including solar energy. These include tax exemptions, grants, and subsidies for businesses that install solar systems.

How many projects a construction company has implemented in Kazakhstan?
