-----

With 240 sunny days annually, Kosovo's solar capacity could reach 800 MW by 2030. But here's the kicker: without storage, 35% of that energy would get curtailed during peak production.

To create a secure energy sector focused on citizens, with the solar auction aligning with these goals. A foundation for a new, competitive, and sustainable energy sector in Kosovo.

The new publicly owned enterprise "Energy Storage Corporation (ESC)" will operate as a joint-stock company with the Republic of Kosovo as its sole shareholder, and during the 5-year ...
