When will battery energy storage systems be installed in Latvia?

The most recent update regarding BESS installations is that in Tume and Rezekne, Latvia's transmission system operator "Augstsprieguma tikli" (AST) in June 2025 installed battery energy storage systems with a combined capacity of 80 MW and 160 MWh, which will undergo testing until October 2025.

Why do we need a battery system in Latvia?

The battery system is an essential infrastructure element for the security and stability of Latvia's energy supply. The batteries will work as modern accumulators for storing large volumes of energy, which will be important for ensuring energy balance once the Latvian electricity supply grid works in sync with the European grid."

What is Latvia's first storage battery system?

In November 2024, Utilitas Wind Ltd inaugurated Latvia's first storage battery system with a capacity of 10 MW and 20 MWh in Targale, next to the existing wind park.

Who is responsible for the energy transition in Latvia?

Local authorities are responsible for municipal energy supply and renewable energy projects, with Latvia's energy transition guided by the National Energy and Climate Plan and the Energy Strategy 2050.

Latvia's energy storage sector is rapidly evolving to meet EU sustainability goals. This article explores companies developing energy storage power stations in Latvia, market trends, and ...

Official news portal of Latvian Radio and Latvian Television with text, video and audio materials. A quality online information source about Latvia.

Latvian language, East Baltic language spoken primarily in Latvia, where it has been the official language since 1918. It belongs to the Baltic branch of the Indo-European family of languages.

Designed with a focus on cost-efficiency, safety, ease of maintenance, system compatibility, and environmental sustainability, it provides a localized and high-performance solution for global ...

Latvian transmission system operator Augstsprieguma tīkls AS (AST) and German company Rolls-Royce Solutions GmbH (Rolls-Royce) have started cooperation on the construction of ...
