Solar tech leader Solis is making waves in Southeast Asia with its new energy solution -- an off-grid Battery Energy Storage System (BESS) in Myanmar.

Myanmar saw the completion of a 50 kW hybrid solar project by Solis with Longlast batteries, boosting commercial backup and energy resilience.

CDS cooperated with the Myanmar government on a 33kV off-grid photovoltaic energy storage project and successfully completed the first phase.

Solis has completed a high-performance 50kW solar-plus-storage installation in Myanmar, showcasing how advanced hybrid inverter technology can unlock energy ...

CDS SOLAR announces the successful completion of the first phase of a 33kV solar energy storage project for the Myanmar ...

Myanmar sits on vast natural gas reserves, operates 29 hydroelectric plants, and has some of the best solar irradiation in Southeast Asia (4.5-5.1 kWh/m²/day).

CDS SOLAR announces the successful completion of the first phase of a 33kV solar energy storage project for the Myanmar government, advancing renewable energy goals.

Solis, a global leader in renewable energy solutions, has once again set a new benchmark in sustainable energy with the successful deployment of an advanced off-grid ...
