How long do solar panels last in Nicosia?

With over 2,500 home installations, we're proud to be one of the top experts in photovoltaics in Nicosia and we guarantee maximum return on investment: up to 25 years on solar panels and 12 years on the inverters.

Where to buy wholesale solar panels?

If you are looking for a place to buy wholesale solar panels, you've found it. A1 SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need.

Why should you buy solar panels wholesale?

Solar panels can be very different in terms of cost, and several factors impact the final price, such as wattage, brand, type of panel, warranties, etc. Whatever brand you pick, its solar panel wholesale price is lower than retail, so you end up saving a lot.

How big are solar panels?

They often have 66/132 cells and their dimensions vary from 39 x 71 to 39 x 77 inches. The majority of home solar systems are installed on the roof. It's only natural: homeowners rarely use roof space for anything else. Larger systems are often ground-based, since massive energy production with powerful wholesale solar panels is a priority.
