-----

Directory of companies in Sweden that are distributors and wholesalers of solar components, including which brands they carry.

An integrated RISC-V coprocessor can run software-defined peripherals and handle time-critical tasks. With innovative technologies emerging - like Channel Sounding in Bluetooth 6.0 - ...

Summary: Discover how Nordic countries are leading solar photovoltaic panel production with sustainable practices and cutting-edge technology. This article explores industry trends, ...

Withstands extreme conditions: The panels are designed to withstand high loads, up to 8000 Pascals, and are suitable for Nordic climates and coastal installations as they are resistant to ...

Nordic Semiconductor, the global leader in ultra-low-power wireless connectivity solutions, today announced its acquisition of the intellectual property and core technology assets of Neuton.AI, ...

The "eufy Smart Lock E30" employs Nordic Semiconductor's nRF52840 SoC to power the Matter-over-Thread connectivity, enabling users to lock and unlock their smart lock via any Matter ...

DAS Solar, which is based in Zhejiang in eastern China, shipped 10GWp of its n-type and p-type monocrystalline solar panels in the first half of 2024. N-type panels are doped with ...

It is designed as a complementary component to Nordic's nRF52840 Series and nRF5380 Series System-on-Chips (SoCs) to ensure reliable power delivery and stable operation, whilst ...
