Our team's currently piloting vehicle-to-grid (V2G) tech with a local logistics fleet. Early results show their electric trucks can power entire warehouses during outages - how's that for a ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

Scalable 500kWh-5MWh configurations Think of them as 'energy Swiss Army knives' equally useful for emergency response and daily load balancing.

Instead of panicking, organizers roll in what looks like a high-tech trailer - Skopje's large mobile energy storage vehicle saves the day within minutes. This isn't science fiction; it's how North ...

The 2.6 MW BESS projects are just the start of battery storage in the country with YESS Power, a Turkey-based contractor, planning to commission a 60 MW BESS project in ...

That's exactly what North Macedonia is aiming for with the Skopje Energy Storage Power Station, a grid-scale battery project that's turning heads across the Balkans.

This isn't science fiction - it's exactly what Skopje Bank's energy storage production aims to achieve in North Macedonia. As the world races toward net-zero targets, this Balkan ...

In a recent interview, North Macedonia's Minister of Energy, Mining and Minerals Sanja Bozinovska said projects are under development for battery energy storage systems ...
