Will 5G drive Digital Inclusion and economic development in PNG?

"These early results indicate that 5G will enable us to drive digital inclusion and support innovation and economic development across PNG," Boudiaf stated. He noted that the company is awaiting the green light from the National Information and Communications Technology Authority (NICTA) to proceed with the commercial launch.

Is Digicel ready to roll out 5G services in Papua New Guinea?

Digicel PNG says it is ready to roll out 5G services across the country following strong results from its initial network testing phase. Chief executive officer Tarik Boudiaf said the 5G trials have delivered impressive outcomes in speed, latency, and efficiency, showing the network's potential to transform connectivity in Papua New Guinea.

What happened near Papua New Guinea's second largest city Lae?

An earthquake of magnitude 6.6 struck near Papua New Guinea's second largest city Lae on Tuesday, the US Geological Survey said, terrifying mourners in a stadium but with no damage immediately reported. The epicentre was 26 km (16 miles) from Lae,...
