How much does a cargo-worthy container cost?

Cargo-worthy containers give you an excellent middle-ground option. These containers show some wear but keep their structural integrity for international shipping. The price of cargo-worthy containers typically range from \$1,300 to \$6,000. They are a budget-friendly choice for many businesses.

How do I get a container shipping quote online?

With Quick Quotes, you can generate an online container shipping quote in just 30 seconds. All you need is access to our Online Business Suite to get started. Find competitive ocean and inland rates to 600 ports worldwide. Select from multiple container types and commodities including dangerous goods cargo.

How much does a wind and water tight container cost?

Wind and water tight (WWT) containers are your most affordable option if you need storage solutions. These containers are usually more than 10 years old and therefore priced between \$1,800 and \$4,300. Here's a complete comparison of container grades: WWT containers might show visible rust and dents, but they work perfectly for storage purposes.

What commodities can not be loaded into a reefer container?

Certain commodities can damage the reefer container during stuffing, transport, or unstuffing. Because of the specific construction of reefer containers, the following commodities are not allowed to be loaded into our reefer containers: Heavy packages with rough and/or sharp edges and machinery parts that cannot be lashed and secured properly.
