What are shipping container homes?

Shipping container homes have been gaining popularity as an alternative to traditional housing in recent years. These homes are made by retrofitting steel shipping containers, which are designed to be transported by cargo ships, into livable spaces.

What is a container house?

CW Dwellings - Your container home from design to delivery. Why container houses? Why build houses with containers? Containers are an excellent building material for houses, as they are designed to withstand heavy internal and external loads under the most adverse conditions that a house would ever have to endure.
