Utility-Scale PV Inverter MAX 320-350K-X 320-350kW 6 MPPTs 800Vac About Growatt Solutions Products

With a rated power of 320 kilowatts, this inverter is suitable for large-scale photovoltaic power plants, effectively integrating the energy output of solar farms into the power grid.

320KW utility inverter offers 99% efficiency, active safety, and cost-saving designs. Ideal for large solar plants. Compatible with microinverter monitoring.

Ginlong Technology's 320kW three-phase string photovoltaic inverter, 1500V DC input and 800VAC output, aims to provide more cost-effective adaptation products for large power plants.

Suitable for large-scale and ground-mounted power stations with real-time detection of system malfunctions.

With enhanced safety, optimal LCOE, and ensured cost-effectiveness, the high-performance UT inverter provides a future-ready solution for utility-scale PV projects.
