Our solar systems are designed and built to be turn-key with full remote monitoring and control. Our Containerised Solar Power Solutions for the Cellular Industry are engineered to run 100% ...

Ingeteam has developed a comprehensive turnkey solution, especially designed for adverse environmental conditions, such as dusty and extremely hot areas. This power station is ...

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

SolarSet delivers reliable, off-grid and hybrid solar systems for telecommunications infrastructure, including remote towers, relay ...

The integrated containerized photovoltaic inverter station centralizes the key equipment required for grid-connected solar power systems -- including AC/DC distribution, inverters, monitoring, ...

SolarSet delivers reliable, off-grid and hybrid solar systems for telecommunications infrastructure, including remote towers, relay stations, and emergency communication sites. Each SolarSet ...

The TCOM Communication Solar Tower is the ultimate solution for industries and organizations requiring reliable, off-grid communication capabilities. Engineered with Cleanlight's cutting ...
