We cut out the bloat of traditional solar companies and pass those savings off to you. Plus, we provide free shipping on all solar kits and lifetime customer service on everything we sell. Our ...

This panel produces up to 560 watts of output with strong low-light performance and improved shading tolerance, thanks to its 11-busbar design and bypass diode layout.

Upgrade your solar energy system with the SGP-560 BBS 560W bifacial PERC panel at SunGoldPower. ETL certified, it ensures high performance and durability for your needs.

We cut out the bloat of traditional solar companies and ...

The SunGold Power 560 Watt Bifacial PERC Solar Panel uses its bifacial design to produce up to 30% more energy by capturing sunlight from both sides. This creates greater energy output ...

Sungoldpower Bifacial solar panels are solar panels that can capture sunlight on both their front and back, it can generate up to 30% more energy than ...

SunGoldPower 560 Watt Bifacial Perc Solar Panel - SG-560WBG is a high-efficiency solar panel designed to capture sunlight on both its front and back, generating up to 30% more energy ...

Dimensions:2279*1134*35mm Mono Power:560W Characteristics High efficiency solar cell to keep the modules efficiency reach to 21.67%. Lower LID attenuation. Excellent ...
