Discover the Solatek Solar Pump Inverter 30KW 3P 380V - a powerful and efficient solution for solar-powered water pumping systems. This three-phase inverter is designed to handle up to ...

The CG Emotron VSR48060 is a 30kW solar pump inverter designed for high-performance water pumping in commercial farming, deep borewells, and large-scale irrigation systems. With 99% ...

The Veichi 30kW Three Phase Solar Pumping Inverter represents a high-performance solution for utilizing solar energy to power water pumps in ...

Huawei SUN2000-3KTL-M1 3kW Three Phase Inverter is a high-efficiency solar inverter designed for large-scale PV systems. It provides reliable three-phase power conversion with advanced ...

Based on the original solar pump vfd products, which optimizes the usability and performance, and extends applicable voltage levels and power range of the product.

The Veichi 30kW Three Phase Solar Pumping Inverter represents a high-performance solution for utilizing solar energy to power water pumps in three-phase systems.

Discover a 30kw solar water pump system with MPPT controller and CE certification, ideal for agriculture irrigation and solar-powered water solutions.

All submersible and surfaces solar pumping machine both Ac and AC/DC are available in stock.
