Each Megapack is a container of similar size to an intermodal container. They are designed to be deployed by electric utilities. The energy stored can be used as required, for example during ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

The EnerC+ container is a modular integrated product with rechargeable lithium-ion batteries. It offers high energy density, long service life, and ...

The EnerC+ container is a modular integrated product with rechargeable lithium-ion batteries. It offers high energy density, long service life, and efficient energy release for over 2 hours.

BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

Each commercial and industrial battery energy storage system includes Lithium Iron Phosphate (LiFePO4) battery packs connected in high voltage DC configurations (1,075.2V~1,363.2V). ...

We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are ...

At Americase, we engineered The Battery Super Box to be the most robust, thermally protective lithium-ion containment and shipping solution ...
