What is a lithium-ion battery storage cabinet?

DENIOS presents its Energy Storage Cabinet specifically crafted for Lithium-Ion batteries, ensuring secure containment and charging. These meticulously designed lithium-ion battery storage containers guarantee comprehensive safeguarding, including 90-minute fire resistance against external sources.

Are lithium battery storage cabinets fireproof?

Constructed from powder-coated sheet steel,they incorporate a tested,liquid-tight spill sump to manage battery leaks that may catch fire. These fireprooflithium battery storage cabinets also feature self-closing doors and high-quality oil-damped door closers,further enhancing safety measures.

Which lithium-ion charging cabinets should I Choose?

Asecos provides two reliable lithium-ion charging cabinets to fit your specific needs. Both options offer exceptional fire protection and safety features, ensuring secure storage and battery charging. This guide will help you choose the right cabinet size for your space and capacity requirements.
