Should you buy a Fronius solar inverter?

When looking for an ideal solar option, customers should always consider the performance, warranty and pay-back period of an inverter before making a determination of cost. While the Fronius inverters' price might be higher than many than that of their counterparts, you get what you pay for.

Which inverter delivers a sine wave?

Intertie inverters and utility companies deliver a sine wave. Square wave inverters have the lowest cost and efficiency and are not sold in this catalog. The price of the better quality inverters is low enough to make square wave inverters an unattractive choice.

What types of solar inverters are available?

Models include Solaron 250 kW Solaron 333 kW Residential, Industrial and Commercial Inverters with built-in disconnects from Solectria include PVI3000 PVI4000 PVI5000 PVI5300 Residential models and PVI13KW PVI15KW commercial and industrial models.

Are ExelTech sinewave inverters a good choice?

They are an excellent choice for a 'whole house' inverter. Exeltech sinewave inverters, available in sizes from 150 watts to 5000 watts, are an excellent choice for power systems running audio or telecommunications equipment and other electronics that are waveform-sensitive.
