North Macedonia has issued its first two licenses for battery energy storage system (BESS) projects, with a combined capacity of 2.6 ...

The battery storage system is expected to enhance the plant's efficiency by storing excess solar energy and improving grid stability. It is scheduled to begin operation in the ...

North Macedonia has issued its first two licenses for battery energy storage system (BESS) projects, with a combined capacity of 2.6 MW. These licenses were issued by the ...

Turkish renewables firm Fortis Energy has engaged Pomega Energy Storage Technologies to install a 62-MW/104-MWh battery system at its 80-MWp solar park in North ...

North Macedonia's Bogdanci Battery Park, launched in Q2 2024, uses Tesla Megapacks to store wind energy. Fun fact: Its storage capacity equals 3 million smartphone ...

The Energy Resources Regulatory Commission (ERRC) of the Republic of North Macedonia has issued the first licenses for battery energy storage systems (BESS) to Energo ...

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

With its pioneering project in North Macedonia, Fortis Energy could pave the way for battery technology in the Western Balkans. The Oslomej solar power facility, operated by ...
