Why should you choose a mobile solar container?

The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility. Great protection for the sensitive solar arrays against storms, vandalism, and all kinds of possible threats. Mobile solar containers application visuals.

What is a solar container?

Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility.

How much solar can a 20 foot container hold?

20 foot containers can expand from 3,000W of solar up to 6,000W. 40 foot containers can expand from 3,000W up to 12,000W of solar in the future. We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS Scalable Ground Mount.

Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below for more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1" x 40.9" x 1.4".

Our products offer a reliable replacement for diesel generators & diesel reefer containers. Solarators(TM) reduce emissions and allow individuals, ...

The LZY-MSC1 Mobile Solar Container is a mobile solar solution based on a standard container design, equipped with core components such as high-efficiency solar panels, storage batteries ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our products offer a reliable replacement for diesel generators & diesel reefer containers. Solarators(TM) reduce emissions and allow individuals, businesses, and communities to save ...

The LZY-MSC1 Mobile Solar Container is a mobile solar solution based on ...
